NEOGEN®

Neogen® Sample Collection, Preparation, and Processing

Consistency from the start

Quality without compromise

Neogen Sample Collection, Preparation, and Processing

Better testing begins with better samples — and better samples are obtained when you use better collection tools. With a full line of quality products, Neogen helps make environmental testing and product sampling easy and convenient.

- Ready to use
- Consistent
- Reliable

Collection Devices

Neogen Environmental Scrub Sampler, sponges and swabs designed specifically for microbial surface sampling.

Transport

Durable bags help ensure integrity of samples during transport to testing lab.

Prepare

Prepared enrichments and diluents for standardized results — test after test.

Analyze

Full line of testing solutions and lab supplies that deliver consistent, reliable results.

Comprehensive Food Safety Solutions

We've expanded what we can do — and now you can too.

Indicator Organism Testing

Petrifilm Plates and Petrifilm Plate Reader Advanced

Streamline your testing with ready-to-use plates that require no prep. Quickly and accurately enumerate plates in six seconds or less.

Microbial Detection

Soleris® Automated Testing

Get fast and reliable detection of microorganisms including TVC, yeasts and molds, *Enterobacteriaceae*, *E. coli*, coliforms, and many others.

Culture Media

Our range of dehydrated culture media formulations include chromogenic agars and proprietary formulations that enable our sensitive One Broth One Plate alternative workflows.

Hygiene Monitoring

Our handheld hygiene monitoring solutions let you quickly verify cleaning effectiveness and capture, store, and manage data.

Pathogen Detection

Pathogen detection tests that are designed to fit a variety of testing needs. Food safety and contract labs can get confident answers quickly, with same-day or next-day results.

Allergen Testing

Qualitative and quantitative testing solutions that are designed to detect allergens in a wide variety of sample types and be used as part of your allergen control plan.

Food Quality Analysis

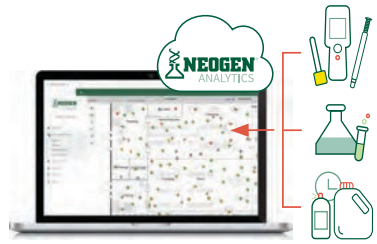
Enhance your food quality assessments with Megazyme advanced enzymatic solutions.

Natural Toxin Testing

Test for natural toxins with solutions designed to deliver fast and accurate results.

UHT/ESL Testing

Rapidly test a wide variety of UHT and ESL beverages such as juices, caffeinated drinks, coconut waters, dairy, and more.



Neogen® Analytics

Streamline and help optimize product testing, environmental sampling, and sanitation workflows while transforming your data into actionable information.

Limited availability, check with your representative for more information.
